DESIGNING COVER FOR ALMANAC 2016-'17

The students of classes VI-XI are invited to participate in a contest for designing the cover pages (the front and the rear) of the next year's Almanac. Those who are interested to participate must carefully follow the guidelines:

1. The participants must use two separate $\frac{1}{4}$ size sheets of chart paper of good quality, one for the front cover and the other for the rear cover.
2. The design should be made within a vertical frame or enclosure measuring $24\frac{1}{2}$ cm x $17\frac{1}{2}$ cm. i.e., the measurement of this year's Almanac.
3. The design or picture should further highlight the trends of quality education and the values our school stands for.
4. The participants are requested to submit their entries to Mrs. Vasantha Adhikarla or Dr. (Ms.) Sunita Verma by 14 December 2015.
